

BB's Clutter Solutions

Has it happened yet again?

You promised yourself that a congested area in your home wouldn't grow out of control, but here you are, many hours or days later, with no improvement in sight. It can be very stressful.

Less mess equals less stress!

Clutter can be very stressful. Barbara Berman of BB's Clutter Solutions is ready to help you transform any troublesome room or project into a thing of organized beauty.

Your (Frightening!) Small Business and/or Home Office:

- Discard outdated materials now available online
- Move dormant client materials from office into storage
- Set up a more effective filing system

Your (Scary!) Garage:

- Discard unneeded boxes
- Move lawn equipment to a shed or other area
- Organize items together according to use
- Ensure that everything is easily accessible

Your (Terrifying!) Basement:

- Discard unneeded boxes
- Eliminate unused items by way of yard sales or donations
- Rearrange items in work area closets and cabinets so larger tools fit inside

Don't move!

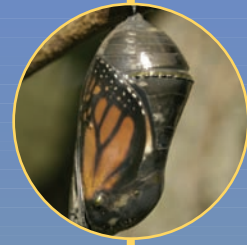

Instead of changing your address to a larger location, change perception of your current space by maximizing its use – ***de-clutter it!***
